

Exhibit 5-A

Burton Energy Group is a privately held, independent company providing energy management services for commercial businesses with multi-site, geographically diverse facilities. We work with our clients to design and manage an energy plan to reduce energy consumption, improve environmental performance, mitigate price risk, stabilize utility budgets, and lower overall energy operating costs. We provide a number of service offerings, including “Strategic Assessment & Planning”, “Utility Information Management”, “Supply and Risk Management”, “Energy and Water Conservation”, “Annual Utility Budget Guidance”, and “Sustainability Initiatives.” Burton Energy Group, Inc. works with clients to develop a personalized electric procurement strategy that may include negotiating competitive retail electric contracts with index, fixed, or a combination of such pricing products. Burton Energy Group, Inc. is a Power Broker and does not take title to the power.
